MURRIETA VALLEY UNIFIED SCHOOL DISTRICT and MURRIETA EDUCATORS ASSOCIATION

MEMORANDUM OF UNDERSTANDING M-20-21-14 Pupil Support Training

This Memorandum of Understanding is entered into by and between the Murrieta Valley Unified School District (hereinafter, "District"), the Murrieta Educators Association (hereinafter, "Association").

The District and Association continue to work to ensure staff are prepared to meet the needs of students related to the impacts of the COVID-19 school closures and recognize the requirements by the State of California for school districts to implement integrated pupil supports to address barriers to learning.

The District is required to develop systems and opportunities to address learning loss and accelerate progress to close learning gaps through the implementation, expansion, or enhancement of learning supports that begin before the start of the school year and the continuation of intensive instruction and supports into the school year.

Therefore, the District has developed professional development activities that directly support pupil academic achievement and learning loss mitigation strategies related to the COVID-19 school closures.

Each Teacher, Speech Language Pathologist, and Psychologist will be required to receive training in the following areas:

- Social Emotional Learning
- Accelerated Academic Learning
- Inclusion/Special Education

Training Dates: Summer training opportunities will be provided during the weeks of June 7th, June 14th, and August 2nd. Additional training dates will also be available outside contract time during the months of September and October. A tentative calendar of available training dates/times shall be distributed to all members and attached to this MOU as Appendix A. September and October training schedule will be available at a later date.

Training Model: Live Virtual (Synchronous) or Online Platform (Asynchronous)

Certificated teachers other than ATP will be required to participate in 15-19 hours of training, depending on teaching assignment. ATP teachers, SLPs, and Psychologists will be required to participate in a minimum of 10 hours of training. Members who participate in these trainings during the summer and/or outside contract hours during the 2021-2022 school year prior to October 31 will be compensated at a rate of \$62 per hour.

Trainings must be completed by October 31, 2021. Members who do not complete the required trainings during the summer or outside regular contract time at the \$62 per hour rate by October 31 will be required to attend any remaining training hours without the additional compensation during a regular contract day assigned by the District. In such instances, a substitute will be provided by the District.

Nurses will be required to attend 6 hours of SEL training. In addition, Nurses will be eligible to *either* attend the trainings that are required for SLPs and Psychologists or may attend a school nursing conference or training of their choice with the approval of the Executive Director of Student Support. Conference/training registration will be paid by the District. Nurses will be compensated \$62 dollars per hour for all off duty trainings and/or conferences they attend on non-contract days or outside of regular contract time. Total compensation (registration and hourly compensation) shall not exceed \$744.

This Memorandum of Understanding is non-precedent setting and for the 2021-2022 school year only.

Dated this 18th day of May 2021
